VISA PROCEDURE

VISA

To start your visa process we need **your passport copy, the scan of passport photo and your personal data as per the visa form.** We will start your visa process and after we announce you the visa reference number you can go to Iran Embassy/Consulate to get your visa.

Please note the following points:

1. The visa form information should be complete otherwise we do not take any action on that.
2. We apply for the visas via the Ministry of Foreign Affairs and after 7 to 10 working days they give us a visa reference (visa confirmation) number. After the visa reference number is issued, you go to Iran Embassy/Consulate and **they also need some time to issue the visa.**
3. Please select the city, where any Iranian Consulate exists, for getting your visa accurately. If you would change it in the middle of your visa process it takes another 3 weeks to change the application and make the visa reference number ready.
4. When you go to Iran Embassy/Consulate to get your visa, they will charge you but it does not have anything to do with the cost of the visa process in Iran we have mentioned above. It is just the cost of visa stamp.

Payment

When we receive your visa form and are informed regarding all your requested services, we will arrange your invoice accordingly in which you can find the complete detail of our bank account. Please send us a copy of the bank draft after transferring the amount of your invoice to our account. And please note that our financial department should have a copy of your bank draft before announcing you the visa reference number.
